WORK HISTORY

ITS Student Programmer | Tennessee Technological University - Cookeville, TN 06/2021 - CURRENT

Using JavaScript, HTML, and CSS I have helped work on future featured being added to Tennessee Tech's Tech Express application on the frontend. While working on the frontend I've also gained more important real world experience in the field of being a programmer, working as a team, building communication skills, and gaining knowledge of GIT.

ITS Student Technology Assistant | Tennessee Technological University - Cookeville, TN 01/2021 - 05/2021

Provided professional assistance to students at the IT HelpDesk by answering any questions related to computer or printer troubleshooting. Other tasks included checking out laptops, thoroughly cleaning laptops, keeping laptops charged, and working on printer problems.

Warehouse Sort Team Member | Amazon - Nashville, TN 05/2020 - 08/2020

Scan labels on packages from conveyor belts, checked for damages, and loaded them onto matching numbered pallets and wrapped the pallets to

be eventually transported.
